- (x2) external power supplies (Input: 100-240V, 50/60Hz, 0.5A Output: 5V, 2A)
- Screwdriver for equalization adjustment
- Owner's manual

Description

Tripp Lite B130-202A allows you to extend two 1024x768 VGA video signals + Stereo Audio up to 500 ft., over ordinary Cat5e cable, from a single VGA+Audio source. The Transmitter / Receiver kit also features two local VGA HD15 ports, supporting a total of four VGA monitors (2 Local and 2 Remote). Compatibility issues can occur when EDID information is not properly communicated between the source and the display. The B130-202A includes an EDID copy feature which stores a monitor's EDID information in the transmitter and sends it to the source, ensuring optimal compatibility. Supports all operating systems, and is plug-and-play...no software or drivers are required.

Features

- Connect up to four monitors; 2 local and 2 remote
- 3.5mm Stereo audio support and extension
- Extends a 1440 x 900 @ 60Hz signal up to 165 ft. (50 m) from the source
- Extends a 1024 x 768 @ 60Hz signal up to 500 ft. (150 m) from the source
- EDID copy feature ensures optimal display compatibility
- Built-in equalization control allows for adjustment of the video image
- All operating systems are supported
- Plug-and-play; no software or drivers are required
- HDCP compliant
