

Snap-action switching element

Dimensions [mm]

| Colour | Switching voltage | Switching current | Switching system | Contacts | Contact material | Terminal | Part No. | Weight |
|--|-------------------|-------------------|-------------------------------|-------------|------------------|---------------------|--------------------|----------|
|  <p>Snap-action switching element</p> | | | | | | | | |
| black | 250 VAC | 5 A | Snap-action switching element | 1 NC + 1 NO | Gold | Solder 2.8 x 0.5 mm | 201F0900-00 | 0.003 kg |
|  <p>Snap-action switching element</p> | | | | | | | | |
| black | 250 VAC | 5 A | Snap-action switching element | 1 NC + 1 NO | Gold | PCB | 221F0900-0P | 0.003 kg |

Contacts: NC = Normally closed, NO = Normally open

Slow-make switching element for stop switch

| Colour | Switching voltage | Switching current | Switching system | Contacts | Contact material | Terminal | Part No. | Weight |
|---|-------------------|-------------------|-----------------------------|----------|------------------|---------------------|--------------------|----------|
|  <p>Slow-make switching element for stop switch</p> | | | | | | | | |
| black | 250 VAC | 5 A | Slow-make switching element | 1 NC | Gold | Solder 2.8 x 0.5 mm | 211F0900-00 | 0.003 kg |

Contacts: NC = Normally closed
