

Description

- **Meets ANSI/ESD S20.20**
- **Highly durable banana jack**
Creates a more consistent connection and helps to prevent accidental disconnects with operator's wrist strap.
- **Control unit LEDs indicate proper grounding of two mats and two operators; includes mounting hardware**
Allows mounting Control Unit at eye level, not using any working surface area
- **Two Satellite Remote Monitors include monitored wrist strap ground, parking stud, and unmonitored ground for guest or equipment**
Versatile design allowing placement where desired up to 7 feet from control unit
- **Audio alarm**
- **Wave Distortion Technology provides real-time monitoring**
Ensures ESD protected workstation, reducing catastrophic failures and latent defects
- **Utilizes reliable wave distortion technology**
Provides true 100% continuous monitoring
- **Can use with any brand of single wire wrist strap and coiled cord components (not included)**
Life-cycle costs of monitor / wrist strap / cord are 66% lower than dual-wire approach

Item	Description
VER-28681	Dual Monitor Operator, 4mm, 220V

Made in the
United States of America

Unless otherwise noted, tolerance $\pm 10\%$
Special manufactured items are not returnable for credit.
