

BUY AN MX-5210 SYSTEM

AND FOR AN ADDITIONAL £10 GET AN ULTRA FINE UPGRADE KIT

Are you working with small components? For a limited time, when you buy Metcal's state-of-the-art MX-5210 Soldering & Rework System, you can get an UltraFine™ upgrade kit for just £10. The UltraFine™ upgrade kit includes our UltraFine™ hand-piece and workstand, and we'll even include one UltraFine™ tip cartridge to get you started.

The MX-5210 Soldering and Rework System has SmartHeat™ technology built into the system. That means that soldering and rework are always performed at safe, controlled temperatures. The MX-5200 power supply can be operated with two hand-pieces dynamically sharing the 80 watt output power based on demand, adding even more application flexibility and speed.

Buy an MX-5210 soldering system and for £10 include an Ultra fine upgrade kit, MX-UK2, worth £168.

The MX-UK2 UltraFine™ Upgrade Kit includes the UltraFine™ Hand-Piece and TipSaver™ Workstand, a specialty tool for soldering and touch-up of very small components, restricted access or high density component packaging on a PCB. The system uses UFTC cartridges featuring small tip geometries and low mass, suited for small part soldering. Also included is (1) UFTC-7CHL06 Chisel tip cartridge.
