

Adjusting Knuckle

MPN: 851-00

Tilt, turn and rotate the camera with the adjusting knuckle. Includes knob and set-screw adjusting options.

Features:

- Shaft screws into the adjusting knuckle. For an ultra low-profile mount, screw directly to one of the Panavise mounting bases
- Quality manufactured and fully adjustable: 210° Tilt, 360° Turn & 360° Rotation
- Knob and tamper-resistant set-screw adjusting options included
- Overall knuckle height approximately 2.5" (63.5mm)
- ¼-20 mounting stud with lockring
