

Eurocard Packaging: VME/Eurocard Ejector Systems

- Industry standard VME card ejector
- Panels from 3U to 9U, 4HP & 8HP standard
- Fully assembled or in kits
- Custom panels readily available

The APW Electronic Solutions E-Z-Ject™ has become the industry standard ejector for VMEbus boards and other Eurocard modules, providing a quick and easy method of removal from Eurocard format card cages.

The design complies with IEC and VME specifications governing front panel and board mounted components or Eurocards and Euromodules.

The standard E-Z-Ject panel assembly includes the front panel, the handle(s), and the corresponding hardware. The assemblies are available in 3U, 6U and 9U heights and 4HP or 8HP widths. E-Z-Ject handles are also available as component kits without the front panel.
