*July 8, 2015*

*TO: ALL ITW SWITCH CUSTOMERS*

In January of this year, we started transitioning the manufacturing of our Snap Action Switch Products to our plant in Juarez, Mexico. This is an ITW owned facility which has been making Snap Action, Rotary and Custom Products since 2008. The purpose of this move is to consolidate all Snap Action Switches made in North America to one manufacturing site.

Effective August 10, 2015 we will relocate our Engineering, Sales and Accounting functions to our AS9100 manufacturing facility in Des Plaines, IL. The Snap Sealed Products, Series 62, 63, 65 and 67 which serve the Military/Aerospace markets will continue to be made in the U.S. at this facility. Des Plaines, IL is approximately 30 minutes from our current location in Buffalo Grove, IL.

**Effective 8/10/15 our new address will be:**

**ITW Switches  
195 E. Algonquin Rd.  
Des Plaines, IL 60016**

The current 847-876-9400 and Toll Free Number 800-544-3354 remain unchanged. Also, there will be no changes to the current lock box routing procedure. However, as of August 10, we will no longer accept purchase orders via FAX. Effective immediately, please email all orders to Stacy Pawlik, Customer Service Manager, [Spawlik@itwswitches.com](mailto:Spawlik@itwswitches.com)

We have worked hard to make this transition as seamless as possible to insure on time deliveries and to minimize disruption to the channel. For all products recently transitioned to Mexico, we have increased our quoted lead times 2 weeks to allow for border clearance and increased transit time.

We thank you for your continued business. Please contact me if you have any questions regarding the move or product issues that may be affected by these changes.

Best regards,

Candy Banks
