

NO: REL-170	PRODUCT: G3VM – MOS FET Relays
DATE: April 2016	TYPE: Modification – Moisture Sensitivity Level Included on Package Label

G3VM MOS FET Relays

Change of packing label print due to addition of MSL (Moisture Sensitivity Level) indication.

The packaging labels of the G3VM MOS FET Relays will change to include indication of the appropriate MSL (Moisture Sensitivity Level) for the relays. This indication will provide users with information regarding the proper storage conditions and processing of these relays. This document illustrates the changes to the packaging label and will identify the affected part numbers; should you have any additional questions, however, please communicate with the Relay Product Specialist.

There will be no impact on technical specifications or price as a result of this change.

Effective Date

As of our production in **October, 2016**.

* Please, advise your customers of this notification.

For further technical support and any questions, please communicate with Omron Electronic Components LLC.
