

## End of Life Notification

Date: April 8, 2016

**Part Number: (WU-Series) – \*WU12-200, \*WU12-500, \*WU12-1000, WU12-1500, WU12-2000, WU12-2500, \*WU16-400, WU16-500, WU16-1000, WU16-2400, WU20-200, WU20-500, WU20-2000, \*WU24-200, \*WU24-450, WU24-750, WU24-1000, WU24-1800**

To Whom It May Concern:

The above listed wall plug-in adaptors have been identified as a product which no longer meets EISA 2007 requirements and does not warrant continued fabrication. For that reason, Triad has elected to cease production. Production has ceased as of February 10, 2016.

If you are receiving this notification, our records indicate that you have purchased this device in the past. Please contact Triad Magnetics or your preferred Triad Magnetics Distributor to obtain availability information.

Existing product will continue to be available until inventory is depleted. These products are authorized for sale and use inasmuch as the date of manufacture precedes the implementation date as stated in EISA 2007.

We are in the process of developing the following part numbers that will be level VI compliant and can be used to as replacements. We expect the replacement part number to be available in Q3 2016.

Replacement Part No.	Discontinued Part No.
WU120-1000	WU12-1000
WU160-750	WU16-500
WU200-600	WU20-500
WU240-500	WU24-450

\* These part numbers comply with the efficiency requirements for indirect operation. Therefore, they will continue to be manufactured on a built to order basis.

Sincerely,

Lazaro Rodriguez  
Engineer, Standard Products Support
