

## Process/Product Change Notification

### Polymer Surface Mount Capacitors Marking Change *PCN Notification*

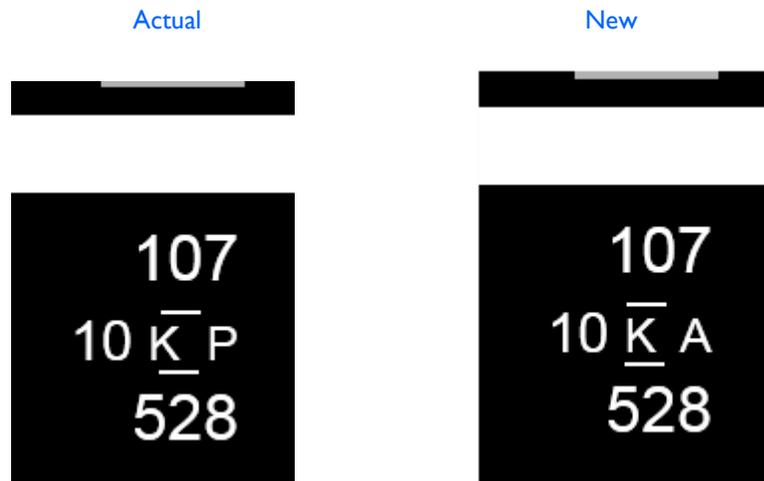

<b>Date:</b> 28 <sup>th</sup> June 2016	<b>ID Number (DDMMYY):</b> PCN-KO28062016-UMQ
<b>Affected Products</b>	<p>All KEMET Ta Polymer surface mount series (all part numbers &amp; case sizes) from below Series:</p> <ul style="list-style-type: none"> <li>Industrial Grade Series: T525, T528, T530 &amp; T545</li> <li>Automotive Grade Series: T598</li> </ul> <p>Exception in applicable to special drawing design including: 4539/4125 and NTXX, NTTY, 7133 &amp; 7333</p>
<b>Change</b>	<p>KEMET is starting a standardization process of the marking (polarity band and text content) for the Polymer Surface Mount Capacitors. The polarity bar will change according the <b>attachment I</b>.</p> <p>This change has no impact in:</p> <ul style="list-style-type: none"> <li>Part Number,</li> <li>Form, fit, electrical properties, or function of these capacitors.</li> </ul> <p>KEMET does not expect any re-qualification for this marking change. The appearance is changed to new marking content.</p>
<b>Justification and Benefits</b>	The marking standization is part of KEMET manufacturing process complexity reduction.
<b>Target for Implementation</b>	<p>The marking changes will start on the 40<sup>th</sup> week of 2016 (product with date code 640).</p> <p>Both types of marking will be ship from above date code until all finished goods inventory of old marking is depleted.</p>
