

1080p HDMI Switches with IR Remote Control

These slimline HDMI switches allow a single display to be connected to multiple HDMI sources and selected using the IR remote control or selection button on the unit. Gold plated connections ensure optimum signal transfer and the LED's on the front of the unit keep you informed as to which of the inputs is live at any one time.

- Sleek design with tough metal chassis
- Gold plated HDMI connections for optimum signal transfer
- Power and Live Input LED's
- Supports up to full HD 1080p, 3D and 36bit deep colour image formats
- Supports DTS-HD, Dolby-trueHD, DTS, Dolby-AC3 and DSD audio formats
- Supplied with IR remote control and mains adaptor
