Micro-Fit* TPA Cable Assemblies

Standard Micro-Fit* TPA Cable Assemblies deliver an off-the-shelf solution with a variety of cable lengths and a 3.00mm-pitch connector with a 5.0A maximum current rating to facilitate both prototyping and global production

Features and Advantages UL 1061 discrete wires Ready to use in electronic Multi-color cable configurations with appliance applications. Micro-Fit* TPA Receptacles available off the shelf Provide ease of design, Designed to support development and production prototyping and production programs. Multi-color cables ensure correct connection Micro-Fit* TPA Receptacles' 5.0A current rating and Assembled in ISO/TS16949-3.00mm pitch certified facilities Delivers a high-density, lower Ensures high quality.
