

# Novopro TVM35 AV monitor stand adaptor for a 35mm pole mount

Stand adaptor designed to mount a TV or monitor onto a standard 35mm pole.

This can be used with a speaker stand, lighting stand or any type of pole that has a 35mm open end. The mounting plate is fully adjustable in angle and rotation and is locked in place with thumbscrews.

The TVM35 is manufactured from steel with a durable black powder coated finish and is supplied with various M4 and M5 fixing screws to mount your TV or monitor. (please check with your monitor manufacturer regarding use of the correct fixings and see our online instruction manual regarding the fixings)

The mounting plate has the standard VESA 75, 100 and 200 mounting holes and is compatible with most TV's and monitors that are in the market that are up to 12Kg in weight.
