(please check that you use the correct fixings as required by your TV/monitor manufacturer)

The TVM35 is designed to mount a TV or monitor (up to 12Kg) to the top of a 35mm pole using the standard VESA 75/100/200 mountings with M4/M5 sized screws.

Mounting the plate: Novopro supply the parts listed above but please ensure that you check with your TV/monitor manufacturer which screws are required to safely and securely mount the TVM35 to the back of your product. Novopro cannot be held responsible for damage or any subsequent issues caused by incorrect fitment.

The metal plate adjusts in angle and rotation and it is IMPORTANT THAT YOU ENSURE THAT ALL FIXINGS ARE FULLY SECURE before using this product and please DO NOT exceed the Maximum weight limit of 12Kg

All Novopro products are thoroughly QC checked prior to dispatch but should you have any queries or questions then please contact your place of purchase or contact us at: info@novopro.co.uk

Novopro is a trade only supplier and only supply wholesale to trade resellers.

Novopro products are designed and engineered in the UK and manufactured in China.
