Indoor/Outdoor Double Coated Foam Tape Strips/Circles with Pull Tab FTS/FTC Series

Product Description

FTS is a 1/16" white or black polyethylene foam, double coated with an acrylic adhesive. The product is supplied with a 60# kraft release liner. Provides excellent long-term aging and environmental durability. Highly conformable to irregular surfaces. Good thermal insulation properties. Performs well over a wide temperature range. High load-bearing ability.

Applications

General bonding and mounting. Cushioning, gasketing, and spacing. Sound attenuation.

Typical Physical Properties

Total Thickness	67.1 mils
Adhesive Thickness	2.3 mils
Carrier Thickness	62.5 mils
Release Liner Thickness	3.5 mils

NOTE:

1. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers..
2. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes.
