DISPLAY PORT SPLITTER CABLE

Display Port Male to Display Port Female

This Display Port Monitor splitter cable provides a high-performance connection from your Display Port enabled PC to 2 x Display Port enabled devices. Splitting the Display Port output from your PC to two monitors mirroring the same image on both monitors.

Display Port technology offers complete digital display connectivity and audio output ensuring your content is exactly how it was meant to be seen and heard! Higher resolution, faster refresh rates, deeper colour and no lag all from a single Display Port cable!

FEATURES

- High quality Display Port cables are ideal for use in professional AV, office & home installations
- Transfers high-bandwidth, uncompressed digital video, multi-channel digital audio & control functions
- Supports HDCP (High definition content protection) and high resolutions of up to 4k x 2k (3840 x 2160) at 60Hz with a maximum HBR2 (High Bit Rate 2) bandwidth of 21.6 Gbps
- Connectors feature latches that protect against the cable being accidentally disconnected
- A flexible moulded collar at the end of the connector protects the internal wires from any undue stresses or strains
- Supplied in full retail packaging
- Lifetime cable warranty
