

Noise Reduction Braided Cable Wrap

**RoHS
Compliant**

Description

This braided wrap is a woven combination of polyester monofilament and polyester multifilament yarns. Its special structure offers excellent reduction of noise on wires, cables and hoses. The side-entry design makes it easy to install, remove and reuse for wire harnesses or cables, especially when installed in difficult to reach areas such as door panels or dashboards.

Applications

Most commonly used on wires harnesses and cable assemblies providing tough, durable protection and noise suppression in the automotive, railway, industrial machinery fields.
