

Recessed Low Voltage Cable Plates 45-0001, 45-0002 & 45-0003

45-0003

45-0001

45-0002

Use DataComm Electronics new 1-gang, 2-gang and 3-gang recessed low voltage cable plates to install low voltage cables behind your flat panel TV, your amplifier or other audio/video devices.

The 45-0001, 45-0002 and 45-0003 plates are designed to be used with 1-gang, 2-gang and 3-gang low voltage mounting plate brackets by any major manufacturer such as Caddy, Carlon, etc.

The 45-0001, 45-0002 and 45-0003 recessed low voltage cable plates can be installed upright or upside down. Install the 45-0001, 45-0002 or 45-0003 upside down when installing flat panel TV's.

Determine the location of your flat panel TV, amplifier or audio/video device. Cut a hole in the wall and install the low voltage mounting plate bracket. Then simply pull your cables through the mounted low voltage mounting plate bracket and then through the DataComm Electronics recessed low voltage cable plate. Insert the DataComm Electronics recessed low voltage cable plate into your mounted low voltage mounting plate bracket and secure tightly with the wall plate screws.
