

Product Change – Wieland Earth Terminals of the *selos* WK range.

November 2015

The part numbers below have, in the past, had a Universal mounting foot so that they would fit on to TS35 top hat rail and also TS32 G rail. This **mounting foot design will now change** and these parts will, in the future, only fit TS35 top hat rail.

This change was prompted by the declining use of G rail and will **simplify the fitting** of the terminals on to TS35 rail.

Part Numbers Affected	Type
57.504.9055.0	EARTH TERMINAL WK 4 SL
57.504.9155.0	EARTH TERMINAL WK 4 /D2/2 SL
57.504.9255.0	EARTH TERMINAL WK 4 E SL
57.506.9055.0	EARTH TERMINAL WK 6 SL
57.510.9055.0	EARTH TERMINAL WKN 10 SL
57.516.9055.0	EARTH TERMINAL WKN 16 SL
57.535.9055.0	EARTH TERMINAL WKN 35 SL
57.570.9055.0	EARTH TERMINAL WKN 70 SL

The change will not affect the technical data or approvals of the product for use on TS35 din rail.

If earth terminals are required for TS32 G rail, then these will be available under the part numbers in the format 54.5xx.9x55.0.
