

Digital Innovations® SkipDr® for DVD & CD Manual Disc Repair System

The SkipDr® for DVD & CD Manual Disc Repair System is recognized throughout the industry as the smartest solution to repairing and cleaning DVD and CD discs. The patented FlexiWheel™, with its unique microfrictional surface, uniformly repairs damaged DVD or CD discs without losing data.

- The #1 Disc Repair System fixes scratches that cause DVD's and CD's to skip, freeze, and fail to play.
- Manual repair process smoothes surface scratches to renew the disc's protective layer, leaving disc data unaffected.
- Patented FlexiWheel™ repairs up to 25 discs, and works gently enough to safely repair the same disc multiple times.

Includes: Manual disc repair device with patented FlexiWheel™, SkipDr® Rejuvenating Fluid, blue drying cloth, felt buffing square and instructions
