

Professional Titanium Drill Bit and Screwdriving Set - 103 Piece

2608594070

Product Overview

The Bosch Professional Drilling & Screwdriver Set is a robust, compact and easy to carry 103 piece set designed to handle a variety of drilling and screw driving tasks. Ideal for the professional tradesperson or DIY enthusiast, this superb value for money set is well equipped for all wood, masonry and metal jobs and comes with a basic set of quality accessories. The strong plastic moulded case is clearly arranged and can be easily refilled with new bits if required. The 19 metal drill bits with titanium nitride coating offer superior levels of strength and a long life of fast, clean and precise drilling through a diverse range of metals, hard plastics, and plexiglass (unsuitable for use with aluminium). The standard drill bits include five masonry drill bits, nine wood drill bits, and two spade bits. This set also comes with 53 screwdriver bits for all standard screw head types, four holesaws for feed-throughs on ceilings, drywalls, and furniture, and seven nutsetters.
