

Quality Products. Service Excellence.

Adjustable Depth Shelf *ADS Series*

Features

- Constructed of 14-Gauge Steel.
- Telescoping design provides three (3) convenient usable depths.
- Fits within a single EIA rack unit and telescopes to cover entire depth.
- Available in both solid and vented.
 - Choose the vented option to allow for airflow and/or cable management tie points.
- Ships fully assembled.
- Suggested load capacity of 350 lbs (158 kg).
 - Optional **ADSB** support bar increases load capacity to 550 lbs (250 kg).
- Finished in a durable smooth black powder paint.
- RoHS and REACH compliant.
- Manufactured in North America.
