Wraptor A6500 Wire Marking System

Part Number:

WRAPTOR-A6500

Maximum Label/Tape Width:

2 in

Print Resolution:

300 dpi

Color Printing Capability:

Single Color

OVERVIEW

The Wraptor™ A6500 Printer Applicator is a print and apply machine that turns a series of labor-intensive, inefficient tasks into a modern automated process.

- Prints and applies labels to wires in less than five seconds

- Uses high-performance self-laminating materials and provides a tight wrap

- Includes a full-color responsive touch screen and an icon-based user interface for ease of use

- Enhanced connectivity with three USB ports and 32GB of internal memory to store commonly used job files

- Works with all Brady Workstation Apps and Suites and LabelMark Software
