

# New 6800C Series Performance AC Sources/Analyzers

Launching  
Dec 1 2017

\$7,910 – \$13,297 USD

Flexible IO: LAN/LXI Core, USB, GPIB and RS-232

What is it?

## Three NEW RoHS compliance 6800 Series AC Sources

6811C	375 VA, single-phase. USB, LAN, GPIB, RS-232
6812C	750 VA, single-phase. USB, LAN, GPIB, RS-232
6813C	1750 VA, single-phase. USB, LAN, GPIB, RS-232

- ✓ Three models, up to 1750 VA
- ✓ RoHS compliance 6800 Series AC sources
- ✓ Flexible IO: LAN/LXI Core, USB, GPIB and RS-232

Who needs it?

## Primary Target

- ✓ Power supply testing
- ✓ UPS testing
- ✓ Avionics ATE
- ✓ Inrush current testing
- ✓ Testing of power factor corrected equipment and devices

Why do they care?

## Ease-of-Use with flexible IO and is RoHS Compliance

- ✓ RoHS compliance especially for EU countries
- ✓ Connect with LAN (LXI Core), USB, GPIB and RS-232
- ✓ Easy control and configuration through front panel and web
- ✓ Five instruments in one device
- ✓ Built-in power measurement capabilities

What do you get?

## Three performance AC source with flexible IO

- ✓ Drop in replacement for 6800B series, fully compatible on performances and functionalities
