

## 4X6HBD

### PARTITION HANGING BASKET CHROME 6" X 4-1/2" DIVIDER

The 4X6HBD divider can be installed facing two directions, forwards or sideways, to effectively partition products stored in the partition hanging baskets. The divider design lets air flow through it while providing better product visibility.

#### Features:

- can be used facing forwards or sideways for effective product separation
- Design enables air flow and improves visibility of stored items
- Made for Quantum Storage
