

Product data sheet

Description: 27L Ultrasonic Cleaner Tank

Product Code: UT8271 EUK

Product details:

Available in 2, 3, 6, 9 & 27 litres tanks. Removes Dirt, Grease, and Corrosion - Used for cleaning Electronic & Mechanical parts. Tank, lid and housing made from stainless steel. Comprehensive manual included.

Features & Benefits:

- 27 litre Tank Vol.
- Heating power (W) 500, Frequency (KHz) 40 & Ultrasonic Power (W) 500
- 495 Length x 295 Width x 195 Height
- Removes Dirt, Grease, Corrosion - can be used for cleaning Electronic & Mechanical parts. For best results use appropriate cleaning fluid or solvent suitable for the item
- Degas mode - This mode is to be used after a fluid change to rapidly remove air from the fluid so it can provide maximum cleaning effectiveness from the start of the cleaning cycle
- Delicate mode - The cleaner runs at half power which provides a less aggressive cleaning action for fragile/ delicate items
- Full-power mode - A powerful deep clean that will clean heavily contaminated items
- Temperature and Timing mode - Allows the user to set both the fluid temperature and duration of the cleaning cycle. These parameters will change depending on the cleaning agent and item being cleaned
- Tank, lid and housing made from stainless steel
- Comprehensive manual included
