Product Change Notice

MBN52832 Series

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata.
 This is the official notification that some of our products' 4M Change will be proceeded as detailed below.
 Please review this, and confirm that you will expect to receive products after this 4M Change.
 Your understanding and support are highly appreciated.

1. Product Type, Changes, and Customer/Murata/Alternative Part Numbers:

Product Type: MBN52832 Series

Changes: Man Machine Material Method Others (IC Revision

Before Change	After Change
nRF52832 CIAA B00/B10	nRF52832 CIAA E00/E10

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

MBN52832 BLE module integrates Nordic nRF53832 BLE chip.
 Nordic is going to release new revision IC fixing some unknow issue
 which requires attention of the customer of MBN53832 module.

3. Products Before and After the Change:

There are no changes of the products' design, quality, guaranteed specifications, and others,
 as Murata continuously uses the same production process and quality control system.
 The new device versions are software compatible with the current revision, but
 note the following according to Nordic:
 Please refer to the attached file(s) for further details. (Also available in the 'Others' worksheet)

4. Change Schedule:

Production Start with the new IC: 01.Okt.18
 Production Stop with old revision IC: 29.Sep.18
 Shipment Stop with old version IC: 30.Sep.18
 Products' delivery with the new IC will be started sequentially.

5. Contact Window:

Should you have any questions or concerns,
 please contact Murata Sales, Representative, or Distributor in your area.

Truly Yours. Thank you.
