Wera 2go 3 – The inside packer

Wera 2go 3 – The inside packer

Permanently dimensionally stable thanks to the fabric-lined plastic panels
 High resistance against cuts and stabs
 High protection of the tools transported against damage and moisture
 Can be individually equipped

Designed for storage and transportation

Tools and small parts can be compactly stored in the Wera 2go Tool Box. The handle makes the box a practical partner for all mobile applications.

Robust and dimensionally stable

The robust and dimensionally stable material is very resistant against cuts and stabs. The tools carried are protected against damage and moisture. This enhances the service life of the tool box.

Perfect system supplement

Thanks to its hook and loop fastener zone, the Tool Box can be docked with the Wera 2go 1 Tool Carrier and with the Wera 2go 2 Tool Container.
