

Bit-Check 10 Stainless 1, 10 pieces

Bit-Checks Stainless

EAN:	4013288111494	Size:	118x63x15 mm
Part number:	05071110001	Weight:	92 g
Article number:	Bit-Check 10 Stainless 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Upright positionable, multi-component Bit-Check
- Solution to the extraneous rust problem: fasten stainless screws with stainless tools
- Vacuum ice-hardening provides the required hardness and strength
- Rapidaptor technology for rapid bit change
- Industrial applications possible without any constraints

Bit-Check that can be positioned upright with high quality bits out of stainless steel. Wera stainless tools are manufactured out of stainless steel, thus preventing the formation of unsightly extraneous rust. 9 Wera stainless bits. 1 stainless Rapidaptor quick-release holder. The multi-component Bit-Check is convincing on account of its low weight and the maximum possible degree of compactness. In this respect, the soft material in the lower section of the Bit-Check ensures that the bits are securely held whilst being simple to remove at the same time. The profile and size of the bits are easy to recognise thanks to the Wera "Take it easy" Tool Finder with its colour coding and clearly visible imprint.

Bit-Check 10 Stainless 1, 10 pieces

Bit-Checks Stainless

Set contents:

3888/4/1 K
05071100001 1 x 1/4"x50

3851/1 TS PH
05071011001 1 x PH 2x25

3855/1 TS PZ
05071020001 1 x PZ 1x25
05071021001 2 x PZ 2x25

3867/1 TS TORX®
05071032001 1 x TX 10x25
05071033001 1 x TX 15x25
05071034001 1 x TX 20x25
05071035001 1 x TX 25x25
05071037001 1 x TX 30x25

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

Stainless Steel Bits

Wera stainless steel bits are manufactured out of stainless steel so unsightly rust can be avoided. The stainless steel bits from Wera are vacuum ice-hardened and have the hardness and strength needed for screw connections. There are no limitations to the industrial applications they are suitable for.

Screw stainless steel together with stainless steel!

Solution to the rust problem: screw stainless steel together with stainless steel! Wera stainless steel tools are manufactured out of stainless steel so unsightly rust can be avoided.

Rapidaptor stainless steel

Manufactured out of stainless steel thus preventing the formation of unsightly extraneous rust when working with stainless steel. Additionally, it offers all the advantages of the Rapidaptor technology.

Bit-Checks Stainless

Rapid-in and self-lock

The bit can be pushed into the adaptor without moving the sleeve. The lock is activated automatically as soon as the bit is applied to the screw. Bits are held securely and wobble-free.

Rapid-out

Simply push the sleeve forward to change the bit. The spring mechanism lifts the bit off the magnet and unlocks the tool. The bit can be easily removed. The rapid-out function makes it easy to remove even the smallest bits without extra tools.

Chuck-all

The Rapidaptor quick-release chucks hold ¼" DIN ISO 1173-C 6,3 and E 6,3 as well as Wera series 1 and 4 bits.

Single-hand function

Every function of the Rapidator quick-release chuck, such as inserting or releasing bits, can be carried out with one hand. This is faster, more economical and more ergonomic. There are no unnecessary manoeuvres.
