

Bit-Check 30 BiTorsion 1, 30 pieces

Bit-Checks / Bit-Safes BiTorsion

EAN:	4013288179821	Size:	145x80x25 mm
Part number:	05057430001	Weight:	250 g
Article number:	Bit-Check 30 BiTorsion 1	Country of origin:	CZ
		Customs tariff number:	82079030

- BiTorsion bits for long service life
- Quick-release chuck with Rapidaptor technology
- Take it easy tool finder: colour coding according to profile and size
- The Bit-Checks by Wera are extremely compact and are therefore the ideal companion for mobile applications.
- Upright positionable Bit-Checks convince due to their functionality in a minimum of space

Tough-absorbing bits for universal use. BiTorsion bits with an elastic torsion zone – where kinetic energy is diverted from peak loads – and softer BiTorsion zone to prevent the bit tip from twisting under high strain. This greatly extends the product service life. Offer the best possible service life with the appropriate holder. Comes with Rapidaptor technology, which allows bits to be attached without any need to actuate the sleeve. The removal of the bit is simple, just by pushing the sleeve forward – for rapid bit change with just one hand. For the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3 und E 6.3. For insertion in the power screwdriver or into the chuck of the power drill. The multi-component Bit-Check is convincing on account of its low weight and the maximum possible degree of compactness. In this respect, the soft material in the lower section of the Bit-Check ensures that the bits are securely held whilst being simple to remove at the same time. The profile and size of the bits are easy to recognise thanks to the Wera "Take it easy" Tool Finder with its colour coding and clearly visible imprint.

Bit-Check 30 BiTorsion 1, 30 pieces

Bit-Checks / Bit-Safes BiTorsion

Set contents:

 **889/4/1 K**
05052502001 1 x 1/4"x50

 **851/1 BTZ PH**
05056420001 2 x PH 1x25
05056422001 5 x PH 2x25
05056424001 2 x PH 3x25

 **855/1 BTZ PZ**
05056720001 2 x PZ 1x25
05056722001 6 x PZ 2x25
05056724001 2 x PZ 3x25

 **867/1 TORX® BTZ**
05066120001 1 x TX 10x25
05066122001 2 x TX 15x25
05066124001 2 x TX 20x25
05066126001 2 x TX 25x25
05066128001 2 x TX 30x25
05066130001 1 x TX 40x25

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

BiTorsion Bits

BiTorsion bits are absolutely premium products. They have a softer BiTorsion zone which reduces the hardness of the shaft by about 20 % in comparison to the drive tip. This means that the peak loads that cause bit breakage and premature wear are absorbed in this zone – something which enhances the service life of the bits.

Above-average service life

Even the service life of conventional bits is enhanced with the use of the BiTorsion holder and the BiTorsion bit also functions in a normal holder.

Rapidaptor holder

Rapid bit change without needing any additional tools. One-hand operation with a freely spinning sleeve for simplified guidance of the tool. Also available in a BiTorsion design.

Chuck-all

The Rapidaptor quick-release chucks hold ¼" DIN ISO 1173-C 6,3 and E 6,3 as well as Wera series 1 and 4 bits.

Single-hand function

Every function of the Rapidaptor quick-release chuck, such as inserting or releasing bits, can be carried out with one hand. This is faster, more economical and more ergonomic. There are no unnecessary manoeuvres.

Rapid-in and self-lock

The bit can be pushed into the adaptor without moving the sleeve. The lock is activated automatically as soon as the bit is applied to the screw. Bits are held securely and wobble-free.

Rapid-out

Simply push the sleeve forward to change the bit. The spring mechanism lifts the bit off the magnet and unlocks the tool. The bit can be easily removed. The rapid-out function makes it easy to remove even the smallest bits without extra tools.
