

Part Number: SY-SE10

## Applications:

Scale. Solve EDID connectivity difficulty. Verify signal and screens compatibility with test patterns.

## Ideal use:

High end 4K home AV systems. Corporate board rooms. Education facilities

Use the new SY HDMI and AOC links to ensure the most accurate and reliable connection

## The SY SE-10 EDID scaler manager pattern maker

- Compact multi tasking solution**  
 Miniature size makes it an ideal companion for managing connections to projectors and AV receivers.
- 4K to HD /HD to 4K Scaling**  
 Ensure correct connection with legacy screens sharing outputs with 4K 3840x2160 screens.
- Superior EDID management facility**  
 Secure connection between sources and displays with the widest range of 4K and HD frame rates and audio settings with 16 EDID modes.
- Connect legacy screens and projectors**  
 Scaling offers complete integration. Specify the latest OLED large screens to watch the latest HVEC.265 blu ray titles, and combine with HD legacy screens.
- Test Pattern Generator**  
 An invaluable tool for installers seeking verification of correct signal transmission to screens be they 1080p or 3840x2160.
- SY's legendary build quality and reliability**  
**Just one of many innovative unique solutions SY is offering installers and integrators across the UK and the EMEA**

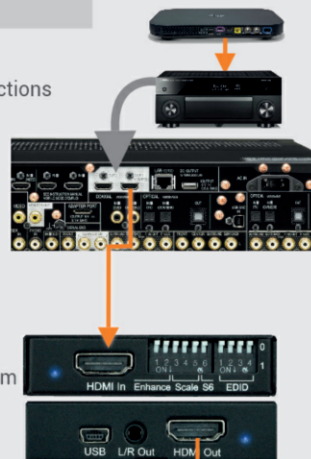

### SY Scaler/Tester/EDID Manager Measure, verify, Secure SY SE10

Inspect and measure connections such as:

Conventional copper HDMI connections
