## Cyclops USB+HDMI and ZEN Mount

### Limitless Positioning Options

Aven's Cyclops USB/HDMI Digital Microscope and ZEN Mount connects directly to a HD monitor as well as to a computer. A large working distance and 30 LEDs allow examination of sizable objects. **Magnification ranges up to 270x on a 21.5in HD monitor or 534x for PC viewing.** Image capture software provided with Cyclops includes measurement and editing tools. This breakthrough instrument increases accuracy and productivity while easing eye strain and user fatigue – valuable benefits in high-volume applications, such as parts inspection in assembly operations. The ZEN Mount (now available at [Aventools.com](http://Aventools.com)) is a versatile, lightweight, multi-angle, telescoping mount that offers optimal maneuverability and offers an extended reach of 12in-16in.
