

BNC keystone coupler 50 Ohm

The 50Ω BNC keystone jack is designed to support CCTV and NTSC analog video signals, as well as any application requiring 50Ω BNC connectors. It is designed to snap into any standard sized keystone outlets and patch panels.

Features

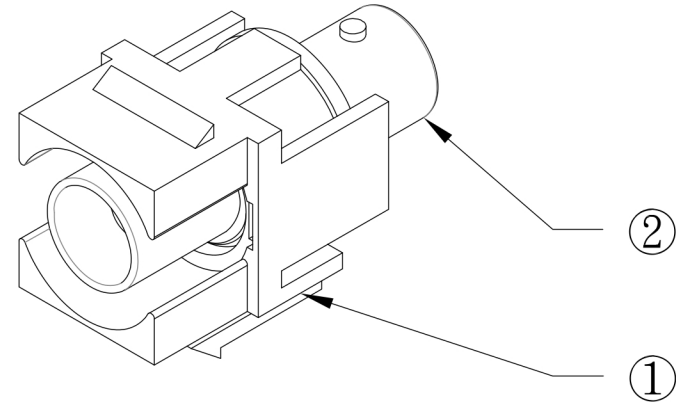

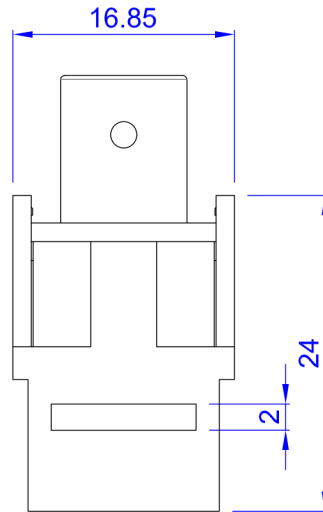

- 50Ω feed through female to female connector
- Nickel plating for improved performance with superior signal quality with minimal noise
- Provides a clean and neat appearance installation
- Snap in keystone jack provides a fast and easy installation
- Designed to fit industry standard keystone outlets and patch panels
- Black and white versions available to match panel or faceplate colour
- Only designed for RF analog signals and 50Ω data cables. For digital and HD video signals the KBNC75 should be used
- Also available as part of our panel mount and D UNIVERSAL ranges

Specifications

- Dimensions: 32.5x16.85x21mm (LxWxH)
- Weight: approx. 16.34g
- Materials
 - Keystone housing: ABS UL94V-0
 - Adaptor body: tarnish resistant nickel plated brass
 - Centre contact: gold plated zinc alloy
 - Insulator: PP
- Impedance: 50Ω & Frequency: 0 - 4 GHz
- Packaging: Supplied in individual polythene bags, then in bags of 20

ROHS Compliant

Code:KBNC50bk/wh

Connector specifications:

1. Keystone adaptor material: ABS UL94V-0 available in black or white
2. BNC connector: body: tarnish resistant nickel plated brass
Contact material: gold plated zinc alloy
Impedance: 50 ohm
Frequency: 0 - 4GHz
Insulator: PP
