No Toolbox is Complete Without Them

If you are looking for tools to make your life easier, consider the Menda **Small Nut Starter**, **Hand Slewing Cutter**, and **Harnessing Wire Threader**. Each tool is simple, yet highly effective in its respective design. How many times have you needed a tool that would hold that small nut just to get it started, or needed something to accurately cut small pieces of sleeving? What about a tool that would allow you to thread a wire in an already tied wire harness? These tools provide the solutions.
