1/4" Drive Ratchet

★★★★★ (0) Write a review

Our MILWAUKEE® 1/4" drive ratchet gives users just 4° of arc swing, allowing them to access their work in tighter spaces whether is under the hood of a car or the middle of a remodel. Its slim profile design and the flush directional lever of the ratchet tool offers better accessibility while using it. The construction of the tool allows for greater fastener access as well as an increase in strength during heavy-duty applications. The all-chrome finish allows for easy cleaning while giving the ratchet a professional look. Our ratchet is backed by our Lifetime Guarantee.
