

### Product Summary

Our range of Directional Leisure TV Aerials offer uncompromised performance without the need for a permanent through-the-roof installation. The 9 Element Mobile TV Aerial Kit is ideal for strong signal areas where a temporary mount solution is preferred. Complete with Unimax Clamp, mast and pre-wired coaxial cable, the 9 Element Directional Aerial Kit offers everything you need to mount the aerial and route to a TV.

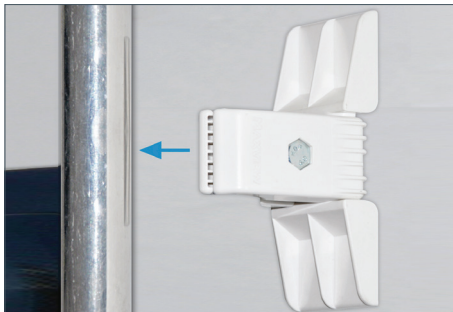

### Unique and Innovative Features

#### Unimax Mast

The lightweight and durable aerial mast is complete with integrated mast adaptor to provide a mount between the aerial and the mast using a single fixing point, without the use of tools.

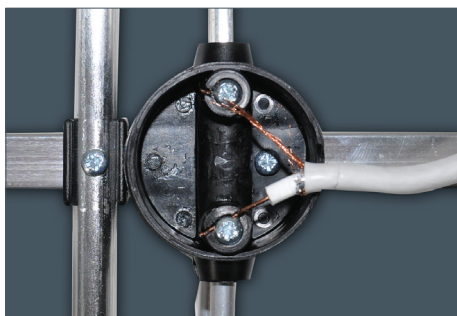

#### Quick Release Unimax Clamps

Spring action clamps offer a quick and reliable temporary mast mount on the side of any touring vehicle.

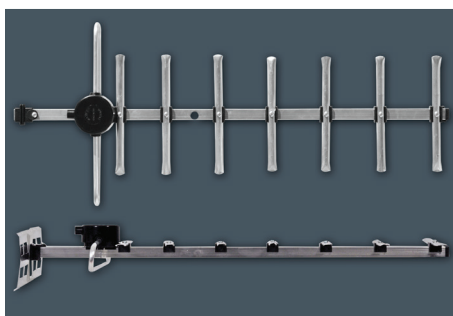

#### Unimax Clamp Mounting

Can be permanently mounted on any flat surface with fixing screws or self-adhesive pads provided.

#### Pre-wired Coaxial Cable

Factory fitted coaxial cable connection into dipole.

#### Compact Design

Compact size benefits both storage and transportation.
