

Hama "Micro" Cleaning Cloth

Item: 005908

GTIN: 4007249059086

A fingerprint here, a dirty mark there - the camera doesn't look great like this, and depending on where the mark is, it can impact on the picture quality. It's great if you always keep a microfiber cloth handy - just wipe the phone and the pictures shine.

- Microfibre cloth of superior quality for lint-free cleaning

What's in the Box

- 1 "Micro" cleaning cloth

Warranty

2 years legal warranty only

More product information

- Removes dirt and dust from all optical surfaces
- Cleans effectively thanks to its high-quality fibre structure
- Microfibre cleaning cloth (80% polyester, 20% polyamide)

Description

- Dirty camera lens a feature of your camera?

There can be nothing worse when trying to take photographs of beautiful scenery, fantastic creatures and objects or trying to capture those valuable family moments, for your lens or screen to be covered in thick dust or nasty smudges, marks and fingerprints. This can significantly affect your visual ability to see what you are taking a picture of and can also have an adverse affect on the functionality and lifetime of your camera. With that in mind, you need to ensure that you keep your camera/camcorder clean and Hama has just the product to do that with the Single Microclean Cloth.

Leave Your Camera Lenses, Screen and more Smear Free and Sparkling!

The Hama Single Microclean Cloth does away with solvents, harsh cleaning products and messy liquids which can leave ugly and problematic smears that ruin the photo quality. Just use the soft and gentle Hama Single Microclean Cloth made from high class fibre (80% polyester, 20% polyamid), follow the contours of the lens and screen and remove any large dirt, grime or dust particles even in those hard to reach places. The cloth is light grey with a dark grey trim and it is washable therefore, repeatedly usable. It can also be used on other optical surfaces including CDs and DVDs and can be stored safely in the plastic box, which can be popped into your camera bag or left in a draw. Keep your camera clean today with the fantastic Single Microclean Cloth from Hama!
