

CS100 Communication Headset

The Koss CS100 communication headsets boast a full range of sound that helps bring every conversation to life. With high noise sensitivity and reduced sound distortion – not to mention hands-free communication via an electret, noise cancelling microphone – it will seem as if the person on the other end of the line is right in front of you.

Whether you employ telephony, voice-activated or voice recognition software, CS100 headsets offer long-lasting comfort to accommodate the longest of telecommunications.

- Full range of sound brings games to life
- Dynamic element delivers high sensitivity and reduced distortion for premium sound at all volume levels
- Improved signal transmission and conduction for cleaner, clearer sound
- Ear cushions create balanced, open, hear-through sound, maximizing comfort and evenly distributing sound
- Independent 3.5mm plugs for easy headphone and microphone connection
- 8 foot cord maximizes movement
- Electret noise cancelling microphone
