

# **INDUSTRIAL CONTROL SYSTEMS**

# RELIABLE, QUICK-TO-INSTALL AND INDUSTRY-PROVEN COMPONENTS

As industry requirements are evolving to more flexible, reconfigurable production machinery and factory systems, we provide the important connectivity solutions to get you there. We offer interconnects for signal, data and power appropriate for use in a broad range of operating environments, from commercial to light and heavy industrial applications.

# **INDUSTRIAL CONTROL SYSTEMS**

#### **POWER**

### **WIRE-TO-BOARD**

#### From internal and semi-internal to external power interconnects, we keep power flowing

applications

We offer a broad array of products for your wire-to-board requirements

#### **CROWN CLIP Bus Bar Connectors**

Offers a low insertion/extraction force for high-current mating directly to a power bus bar

### **Pluggable Bus Bar Connectors**

Available in board-to-busbar, wire-to-busbar and board-tobusbar configurations. Provides a separable connection easy assembly, inspection and troubleshooting.

# **RAPID LOCK Bus Bar**

No install tools required for this fast, reliable replacement for power lugs

**Free Height Connectors** 

that require parallel stacked

These versatile connectors are

useful for downsizing applications

Connectors

## **MULTI-BEAM XLE Connectors**

**ELCON Mini Connectors** 

Low profile solutions with up to

latch retention for cable-to-PCB

**ELCON Drawer Connectors** 

40A per contact and positive

This hot-pluggable series is a space saver with slim guide sockets and vented housing for better heat dissipation

#### AMP-LATCH Connectors

Proven ribbon cable solution for connecting boards or subsystems to each other

#### Mini CT Connectors

1.5mm centerline connectors feature both crimp and IDC style interconnects with many header options

#### **Common Termination (CT)** Connectors

2mm centerline connectors feature both crimp and IDC style interconnects with many header options

#### **High Performance** Interconnects (HPI)

Industry standard square-peg technology in single- and dual row post headers available in various pitches and colors

### Flat Flexible Cable (FFC) Connectors

Crimp style flex connection for FFC. FEC and FPC cable. Our reliable designs offer many housing options and leading application toolina.

## **BOARD-TO-BOARD**

**Excellent signal integrity mitigates** 

negative effects of electrical noise

## INPUT/OUTPUT (I/O)

### Product satisfaction depends on reliable I/O connectivity

# **AMPLIMITE D-Sub**

Connectors A complete range of quality, time-tested D-subminiature connectors that have become the standard in the industry

#### **DIP Sockets**

Provide a reliable connection between integrated circuits (ICs) with contact counts ranging from 6 to 48

### **DIMM Sockets**

Dual in-line memory module sockets designed to JEDEC industry standards. Enable reliable connection to standard memory modules

#### **MICTOR Connectors**

circuit boards

Our broad range of modular I/O jacks and plugs offer reliable and space-saving solutions

#### **RJ45 Connectors**

Our broad range of modular I/O jacks and plugs offer reliable and space-saving solutions

## **CABLE & CABLE ASSEMBLIES**

SOCKETS

Reliable connections to ICs and memory modules

Supporting the latest standards for 10-25 Gbps and beyond. Custom solutions available.

### **STRADA Mesa Connectors**

Mezzanine connectors with a pin and socket signal contact design and integrated power contacts

#### SFP/SFP+ Connectors

SFP+ interconnects support data rates of 10 Gbps signal speeds and are backward compatible with SFP.

#### Pluggable I/O Cable **Assemblies**

Supporting the latest high speed standards, these products are engineered for 10-25 Gbps and

#### **Bulk Cable**

Specialty cables customengineered for precision signal integrity and harsh environments

#### **High Speed Backplane** Connectors\*

Portfolio provides flexibility to address increasing bandwidth demands and higher performance

#### **USB Type-C Connectors**

Universal and user-friendly, USB Type-C features a reversible mating interface. Can transfer data up to 10 Gbps, power up to 100W and A/V in a single slim connection

### **ELCON Mini Cable Assemblies**

These power cable assemblies come in standard or high-flex designs for easier routability

# **LIGHTING EQUIPMENT**

# BRING YOUR BRIGHTEST IDEAS TO LIFE

Our wire-to-board, input/output, antenna and shielding solutions are easily integrated into whole-home or -building lighting systems. Our easy to terminate connectors provide power or signal transmission for indoor lighting fixtures while our antenna solutions are enabling the connected, smart lighting systems of the future.

# LIGHTING EQUIPMENT

### **WIRE-TO-BOARD**

## We offer a broad array of products for your wire-to-board requirements

#### **Common Termination (CT) Connectors**

2mm centerline connectors feature both crimp and IDC style interconnects with many header options

#### **Mini CT Connectors**

1.5mm centerline connectors feature both crimp and IDC style interconnects with many header options

### **High Performance Interconnects (HPI)**

Industry standard square-peg technology in single- and dual row post headers available in various pitches and colors

#### **AMP-LATCH Connectors**

Quick, reliable wire-to-board connections without stripping or prepping wires

# Flexible Printed Circuit (FPC) Connectors

Space saving solutions for signal routing. Available in 0.25 to 1.25mm centerlines in both ZIF and non ZIF styles.

## **ANTENNAS & SHIELDING**

## Antenna performance, reliability, and durability are essential

#### **Embedded Antennas**

A range of products supporting low profile wireless connectivity for 4G and 5 GHz Wi-Fi applications

#### **Spring Fingers**

Tiny, scalable, surface mountable contacts allow designers to fit grounding solutions in most places

#### **Board Level Shielding (BLS)**

EMI shields that minimize crosstalk in tightly designed multi-signal systems

# INPUT/OUTPUT (I/O)

# Product satisfaction depends on reliable I/O connectivity

#### **AMPLIMITE D-Sub Connectors**

A complete range of quality, time-tested D-subminiature connectors that have become the standard in the industry

#### **RJ45 Connectors**

Our broad range of modular I/O jacks and plugs offer reliable and space-saving solutions

# **INDUSTRIAL MOTION AND DRIVES**

# YOUR PARTNER IN AUTOMATION

TE Connectivity (TE) is your motion and drives solution provider for all of your electromechanical and electronic component needs. TE's product solutions support professional decentralization within your production facility making it easier to simplify or retrofit your machine architecture, save power and reduce applied cost while increasing system reliability and productivity.

# **INDUSTRIAL MOTION AND DRIVES**

### **BOARD-TO-BOARD**

#### Excellent signal integrity mitigates negative effects of electrical noise

#### **Free Height Connectors**

These versatile connectors are useful for downsizing applications that require parallel stacked circuit boards

#### **Z-PACK Slim UHD** Connectors

Designed to be among the densest connectors with the smallest possible footprint to free up valuable PCB space

#### **DIP Sockets**

Provide a reliable connection between integrated circuits (ICs) with contact counts ranging from 6 to 48

**SOCKETS** 

Reliable connections to ICs and memory modules

INPUT/OUTPUT (I/O) Product satisfaction depends on reliable I/O connectivity

#### DIMM Sockets (5G)

Dual in-line memory module sockets designed to JEDEC industry standards. Enable reliable connection to standard memory modules

## **WIRE-TO-BOARD**

#### We have a broad array of products for your wire-to-board requirements

#### **Common Termination (CT)** Connectors

2mm centerline connectors feature both crimp and IDC style interconnects with many header

#### Flexible Printed Circuit (FPC) Connectors

Space saving solutions for signal routing. Available in 0.25 to 1.25mm centerlines in both ZIF and non ZIF styles

#### **High Performance** Interconnects (HPI)

Industry standard square-peg technology in single- and dual row post headers available in various pitches and colors

#### AMPLIMITE D-Sub Connectors

A complete range of quality, timetested D-subminiature connectors that have become the standard in the industry

Universal and user-friendly. USB Type-C features a reversible mating interface. Can transfer data up to 10 Gbps, power up to 100W and A/V in a single slim connection

### SFP/SFP+ Connectors 56

SFP+ interconnects support data rates of 10 Gbps signal speeds and are backward compatible with SFP

### **CABLE & CABLE ASSEMBLIES**

### Supporting the latest standards for 10-25 Gbps and beyond. Custom solutions available.

#### Pluggable I/O Cable 56 **Assemblies**

Supporting the latest high speed standards, these products are engineered for 10-25 Gbps and bevond

#### **Bulk Cable**

Specialty cables customengineered for precision signal integrity and harsh environments

#### **ELCON Mini Cable Assemblies**

These power cable assemblies come in standard or high-flex designs for easier routability

These solutions are helping to unlock the potential of 5G. Our portfolio of 5G solutions and capabilities address key challenges faced by design engineers around the world."

# **MATERIAL HANDLING**

# RELIABLE, QUICK TO INSTALL, INDUSTRY-PROVEN PRODUCTS

TE Connectivity (TE) offers material handling solutions for all of your electromechanical and electronic component needs. Whether designing a prototype or retrofitting an existing system, TE's reliable, quick to install, and industry-proven innovative product solutions save on system maintenance costs and downtime.

# **MATERIAL HANDLING**

## **WIRE-TO-BOARD**

# Product satisfaction depends on reliable I/O connectivity

# We have a broad array of products for your wire-to-board requirements

# Common Termination (CT) Connectors

2mm centerline connectors feature both crimp and IDC style interconnects with many header options

#### **Mini CT Connectors**

1.5mm centerline connectors feature both crimp and IDC style interconnects with many header options

# High Performance Interconnects (HPI)

Industry standard square-peg technology in single- and dual row post headers available in various pitches and colors

# AMPLIMITE D-Sub Connectors

A complete range of quality, timetested D-subminiature connectors that have become the standard in the industry

Universal and user-friendly, TE offers micro USB, USB 3.0, and the high-power and reversible USB Type-C solutions

### SFP/SFP+ Connectors 50

SFP+ interconnects support data rates of 10 Gbps signal speeds and are backward compatible with SFP

# RJ Ou

INPUT/OUTPUT (I/O)

#### RJ45 Connectors 5

Our broad range of modular I/O jacks and plugs offer reliable and space-saving solutions

## **CABLE & CABLE ASSEMBLIES**

Supporting the latest standards for 10-25 Gbps and beyond.

Custom solutions available.

# Pluggable I/O Cable 50 Assemblies

Supporting the latest high speed standards, these products are engineered for 10-25 Gbps and beyond

#### **Bulk Cable**

Specialty cables customengineered for precision signal integrity and harsh environments

#### **ELCON Mini Cable Assemblies**

These power cable assemblies come in standard or high-flex designs for easier routability

These solutions are helping to unlock the potential of 5G. Our portfolio of 5G solutions and capabilities address key challenges faced by design engineers around the world.\*
