

Precision
cleaning

Office clean

All surface cleaning foam.

1. General description

Powerful degreasing and descaling foam for plastic, metallic laminated or glass surfaces in all office environments.

2. Characteristics

- Helps to efficiently remove stuck dirt, finger and nicotine traces, grease stains, coffee, etc. from any rough or porous surface or plastic, wood, laminated, scratch brushed metal surfaces or aluminium/PVC/stainless steel furniture, sandblasted sheet glass, etc.
- Creates foam that is very compact, stable and not very moist which avoids the product from dripping during spraying and gives the product some time to act.
- Its antistatic action obstructs dust deposits for a long time.
- Does not leave any trace after drying.
- Gives off a pleasant smell after use.

3. Applications

Ideal for plastic computer casings and peripherals as well as for all office furniture...
Cleans all surfaces, rough or porous... plastic, wood, laminated, scratch brushed metal, aluminium/PVC/stainless steel furniture, sandblasted sheet glass, etc.

4. Operating instructions

- **Do not spray on live equipment**
 - Shake the aerosol well before use.
 - Spray a thin film on foam on the surface (*)
 - Let the product act for a few moments.
 - Wipe the surface with a "Office clean absorb" rag (reference: 1504)

(*) Do not spray directly on keyboards, instead spray a little foam on an "Office clean absorb" rag (reference: 1504) or on a "techno clean disperse" swab (ref.1494).

A material safety data sheet (MSDS) compliant to the EC regulation No. 1907/2006 Art.31 and amendments is available for all KF products.
