TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

MTC CTA Socket Contact Size 22-20

Description of Changes

TE has qualified a new automatic hooding machine located at the TE Hermosillo facility as the final manufacturing step for the MTC crimp socket contacts. There will be no change to the hood part number or design; the existing hood part number will continue to be used.

Reason for Changes:

This change is to increase our supply chain capacity, and provide a second source for the hooding operation. Note that this is to qualify a second hooding operation source only. There will be no change to the form, fit or function of the contacts. The part number for the contacts will not change.
