Modular Terminal Strips

### A new concept in Terminal Strips

Mix and match: A new concept to help solve your packaging problems. Now you can mix terminations with "snap" together modules to provide permanent configurations

Reduce your Inventory

Make up what you want when you want to avoid "dead" stock

Technical Data

Material	High impact thermoplastic
Terminal plates	Brass, nickel plated
Terminal Tags	Brass, tin coated
Screws	6/32 UNC, Binder Head, nickel plated
Rating	15 amps - 750 V d.c. or a.c. peak Temperature range -55°C to +100°C

RoHS Compliant

Dimensions

All dimensions are in millimetres

Drop through solder terminals

1.98 dia holes
