

Description

CiT Serenity Micro Gaming (MATX) Black Chassis is the perfect ultra silent solution, it comes with a fully enclosed design, both side panels are equipped with EPDM sound dampening material perfect for reducing the amount of noise that comes from your system. The interior comes with a split metal structure design making it easy to install your components.

The airflow is enhanced not only by a 120mm fan at the back which is included but you also have room for 3 fans at the front as well. The front panel comes with mesh inlets on both sides offering excellent airflow intake, good for heat dissipation. This is enhanced further by the PSU shroud and separate hard drive bays optimising ventilation making it an excellent choice for creating quiet PC system with great cooling capabilities.

Located on the front panel is the I/O ports with 1 x USB3.0 for fast data transfer, 1 x USB2.0 and standard audio jacks, along with an aluminium brushed effect for a unique and professional look. The Serenity can also fit 6 internal hard drive bays, 4 x 2.5 SSD / HDD and 2 x 3.5" HDDs.
