

PZ5

Features

The PZ5 zone paging selector allows you to divide a single speaker output into 5 separate outputs. This not only gives you the ability to turn on and off specific paging zones, but also makes wiring a large number of speakers very easy.

Specifications

70/25V compatible
5 speaker selectors
All-zone page feature
Dimensions: 16.5" (W) x 2" (H) x 9" (D)
