

GSA-3746

BNC to Kelvin Clip Test Leads

Applications

The GSA-3746 is designed to work with the LCR-600 but can be connected to other instruments with a 4-wire BNC connector interface. These leads are ideal for:

- Educational labs
- Hobbyists
- Industry

Overview

The GSA-3746 come with Kelvin clips for higher precision and more stable measurements of low voltage systems. This product is designed to work with the LCR-600 through its BNC interface.

Features

- 4-Wire Kelvin set
- Suitable for low R or high C
- Works well with odd-shaped components
- High efficiency while remaining cost effective

GSA-3746

Mechanical Characteristics

Terminal Connection	BNC, 4-terminal pair
Length	80 cm

Safety Specifications

IEC 61010-031
