

# 09 Lineman's Pliers

DIN ISO 5746  
ASME B107.20

**09 08 240 US**

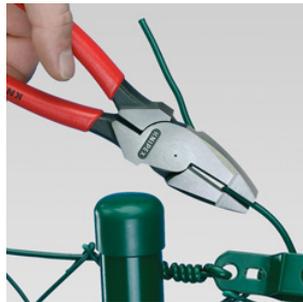

- Heavy duty
- High transmission ratio for easy cutting
- High leverage design requires 50% less effort compared to conventional combination pliers thanks to optimised transmission ratio
- Ergonomically optimized handle shape for firm contact to the hand and fatigue reducing operation
- Effective cross-hatched knurled gripping zone in the jaws - for strong gripping and pulling
- Additional serrated gripping zone below the articulated joint for powerful leverage
- With cutting edges for soft and hard
- Cutting edge hardness approx. 64 HRC
- Vanadium steel, forged, oil-hardened in multiple steps
