Integrated USB-C Card Readers

| MacBook Pro(tm) & MacBook(tm) | SurfaceBook(tm & SurfaceGo(tm) | Google(tm) PixelBook & Chromebook(tm) | Asus(tm) Zen & Dell(tm) XPS |

High-Performance USB-C Dual Personality Card Reader

Have the latest MacBook(tm), Surface Book(tm), Chromebook(tm) or other computing device and need a compact, high-performance card reader using either USB or MicroUSB interfaces?

The exciting new Dynamode C-TC-CR is a totally unique card reader which uses a newly developed, 'dual personality' USB3 or MicroUSB interface, all with just a single flip of the interface port!

Pocketable, and Plug n' Play for all leading operating systems, the C-TC-CR can also be used, up to 5Gpbs on your regular USB Type-C port if needed.

Supporting standard SD(tm), SDHC(tm) card formats together with TF(tm) card functionality, its ideal for almost all users, especially when most modern notebooks for example do not now include a memory card slot.

Driverless in operation for Windows(tm), Mac OS X(tm), Android(tm) and other compatible operating systems.
