

3M™ Chemical Sorbent Pad C-PD914DD, High Capacity 25 pads per Dispenser Box, 6 Boxes/Case

A low-profile design, so that it can be easily placed in tight areas. Ideal for cleaning up small spills and wiping down contaminated areas. Able to sorb 23.5 Gallons/Case. Each case has 6 boxes with 25 (9.25 inches by 14.5 inches) pads per box.

High capacity sorbents have a scrim on one side to increase strength and help eliminate linting. Conveniently sized pads allow the user to quickly spread sorbent to and in the path of a spill. Pads may also be used on a work surface in anticipation of a spill or as a wipe.
