The Einhell GE-LC 36/35 Li-Solo cordless chainsaw provides power and flexibility. It is a member of the Power X-Change family. Two 18 V PXC rechargeable batteries supply the Einhell brushless motor, a brushless electric motor, with power. Thanks to the high-quality OREGON guide bar and chain, it even cuts through larger trunks. The chain can be tensioned and changed without any tools. For safety there is a claw stop made of metal, kickback protection, instant-reaction chain brake and a chain catch bolt. The ergonomic softgrip makes the cordless chainsaw secure and comfortable to hold. The chain is lubricated automatically and a large opening is provided in the oil tank for topping up the oil. The batteries & charger are available separately
