

Part Number: PDS111

Description: 1" Neodymium/Titanium Screw On Horn Driver 8 Ohm 1-3/8" x 18 TPI

### Product Description:

This 1" horn driver may be small, but it packs a big punch, providing 200 watts peak power. It's all because of the 21 oz. neodymium magnet with titanium diaphragm, ultimately achieving a frequency response of 2000 Hz to 20 kHz. The 1" flat aluminum voice coil provides rich mids and sweet highs. 205-type terminals, 8 ohm impedance. Fits horns with 1 3/8" x 18 TPI threads.

### Details:

- Midrange/Tweeter Compression Horn Driver
- Neodymium Magnet /Titanium Diaphragm
- 1" (44.4mm) Flat Aluminum Voice Coil
- 21 oz Magnet Structure
- Frequency Response:2000Hz-20KHz
- Sensitivity:99db 1W/1M

- 8 Ohm Impedance
- 100 Watts RMS/200 Watts Peak
- Terminals 205 Type
- Fits Horns with 1 3/8" x 18 TPI Threads
- Sold as: Unit
- Weight: 0.41 lbs.
